September Meeting:

I have no details to relate for this meeting as no one kept notes for me.

Doug Midgeley was our demonstrator for this meeting and I believe that he was entertaining and enjoyable.

Following are the photographs I was given of Doug.

September Friday Mini-Day

Peter Herbert took the following photographs of a Friday at the hall.

Lately, number for Fridays have been well up with around 10-13 members attending at any one time. The Fridays are an activity day with turning being the main focus of the day. Assistance is readily available for any one needing a hand. Lunch has been described as a 'feeding frenzy' as we each take it in turns to supply the makings. Starts at 9.30am. With 8 lathes now, there is plenty of opportunity for all - so come and try a Friday!!

Club Shirts : See John Harris. You can have logog which you sew onto your own shirt, or he can organize a shirt or jacket or jumber.

November Meeting

As well as having the two Johnnies and Bruce showing us the rights and wrongs of spray painting, we will also have Joan Armstrong in attendance. If you have not made toys for Joan, can you please bring along at least one item to donate that she can use in her raffles.

For the spray painting, you also need to bring a piece of work that you can experiment on and spray paint it. The Johnnies and Bruce show is about showing you how to do it, then you get to do it yourself.

December Meeting

Our Christmas meeting. Normal start time and a hand on meeting. Theme for the turning is Christmas ornaments.

For Show and Tell, can we have you bring in every piece, that you still have left, that has been made this year. Let's fill the tables as we did last year.
